

HENNY-NAV

HENNY-LGR

The model HENNY is a sports shoe for men, adapted to the needs of healthcare professionals. The upper material in leather can easily be cleaned with a damp cloth. The lining in mesh nylon allows your feet to breathe. The slip resistant sole is also flexible.

The *Oxysport* collection is specially designed to comfortably walk around all day.

Henny

CE-standard
CE EN 20347 certified.

Leather

The outside of the shoe is leather.

Lining in mesh nylon

The lining in mesh nylon allows your feet to breathe.

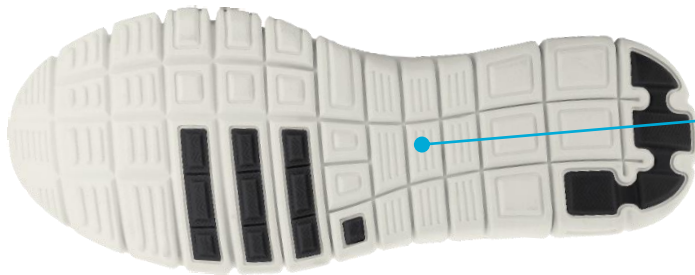

Easy to maintain

The shoe can easily be cleaned with a moist cloth.

Shock absorbing

The sole in TPR guarantees shock absorption.

Slip resistant SRA

The outsole in TPR guarantees an excellent grip, both on wet and dry floors, and complies with the SRA standard.

Usage

Suitable for those who walk and stand for a long time daily. So recommended for:

- Healthcare professionals
- Nurses and caregivers
- Wellness and beauty center professionals
- Homecare

Do not use to accompany patients into the shower.
